

FLEXIBLE

Models TSF and TTF

Flexible tunnel simplifies installation around attic obstructions. Mirror finish stainless steel rings are incorporated in the inside of the top frame and the lower end of the tunnel to reflect light from all angles.

FLEXIBLE SIZES

- 14" diameter for 16" center framing
- 22" diameter for 24" center framing
- Additional tunnel sold separately
(Max. recommended length is 10' for 014 and 12' for 022)

RIGID

Models TSR and TTR

Adjustable rigid tunnel with a highly reflective, durably bonded coating offers easy alignment.

RIGID SIZES

- 14" diameter for 16" center framing
- Additional tunnel sold separately
(Max. recommended length is 18' for 014)

FLASHING FOR TILE ROOF INSTALLATION AVAILABLE (SPECIAL ORDER ITEM)

Flexible Sun Tunnel

Rigid Sun Tunnel

TURN YOUR SUN TUNNEL INTO A LIGHT SOURCE AT NIGHT

The optional light kit adds a whole new dimension to your Sun Tunnel. It comes pre-assembled and is ready for wiring into a standard junction box.

SUN TUNNEL SPECIFICATIONS

DOME

U.V. stabilized grade A acrylic. Low profile dome design parallels slope of roof for attractive appearance.

DUAL DIFFUSER

Dual prismatic diffuser provides even light distribution, preventing hot spots.

ROOF FLASHING

One-piece design fits shingle or shake roofs. Corrosion resistant 24 gauge Colorbond Steel.

Available in pre-bent form, as a special order, with flexible strip for tile roofs.

CEILING FRAME

Flush mount ABS ring with matching caps to hide fasteners.

GASKET

White rubber gasket seals diffuser at the ceiling which minimizes heat loss and condensation in the tunnel.

GUARANTEE

A seven year guarantee against manufacturer's defect, rust corrosion, and deterioration.

 Impact models available for hurricane prone areas.

VELUX SUN TUNNELS®

BRINGING LIGHT TO LIFE™

Open your home to the beauty of natural light. The Sun Tunnel is the easiest, most affordable way to add style, beauty and value to your home.

IN TWO HOURS, THE WHOLE ROOM IS REDECORATED WITH NATURAL LIGHT

A complete roof-to-ceiling daylighting system, the Sun Tunnel is the easiest, most affordable way to add style, beauty and value to your home.

The VELUX Sun Tunnel is fast becoming a leader in the natural lighting industry, because it can deliver more light with far more efficiency, not to mention at a much lower cost.

Whether you do it yourself or have it done by a professional contractor, the Sun Tunnel's leak-proof design along with its color bond coated steel flashing fits any style shingle or shake roof. Flashing available for tile roofs (special order item).

Installation is quick, easy and can be completed in just two hours with only basic carpentry skills required. This means minimal time in the attic.

The Sun Tunnel is the perfect solution for hallways, bathrooms, kitchens, walk-in closets – anywhere that would benefit from natural light, but does not require a view to the world. Areas that lack windows can now be your brightest rooms decorated with beautiful natural light. Save on energy bills, and give your home a healthy, more inviting feeling throughout the day.
